

About US

Regent Steel & Engg. Co. a division of Vardhaman Group has become internationally known as a distribution Specialist for high performance alloys. For more than 6 years, the name "Regent" has been synonymous for top quality corrosion resistant alloys and comprehensive services. Large inventory in more than 18 grades, long term partnership with suppliers, customer & employees - guarantees success and top quality service on the international stage.

Managing family shareholders ensures the independence and continuity of the group. Our stock carrying capacity is more than 75 tones.

Delivery Forms:

- Bar • Forging • Sheet • Plate • Profiles • Seamless & Welded Pipe & Tube
- Flanges & fitting • Wire & Welding Consumables

Application Ranges :

- Chemical Industry
- Power Generation
- Gas & Naval
- General Engineering
- Equipment Manufacturing (heat exchanger, condenser, boiler)
- Wastewater Treatment
- Oil & Offshore

Services :

- Plasma, laser and water jet cutting
- Tailor made products in high performance alloys according to customer drawing & specifications
- Optimizing of materials logistics e.g. Package and call off orders
- Reserved inventories
- Welding, Forging, Rolling, Polishing
- Pre-fabrication Compartments
- PMI & Spectro

Nickel 200/201 Monel 400/K500, Incoloy 600/625, Incoloy 800/825, Hastelloy C22/C276, Alloy 20, Titanium
